

SERVICE BULLETIN

Subject: Bowling Center Maintenance Products

Date: 10/15/99

Distribution: All Customers

Letter No. CEB99-8

Testing of many popular bowling center maintenance materials has determined that many are harmful to the Ball Wall and Pinball Wizard gutters. Following are two lists of products; one list for products HARMFUL to ABS and P.V.C. gutters and one list for products that are not. Use only materials on the NOT harmful list when performing lane maintenance in bowling centers with ABS gutters.

IMPORTANT: The use of any unapproved material on your Pinball Wizard and Ball Wall/ABS gutters will void the warranty. Toulene, Methyl Ethyl Ketone, and Chlorinated Solvents will also cause damage to ABS gutters.

Products NOT Harmful to Ball Wall/ABS Gutters**Brunswick Products**
