

SERVICE BULLETIN

**Subject: Support Discontinuation for Vector Plus League
and Tournament**

Date: 3/23/18

Bulletin No. SB18-3

Brunswick has been supporting the Vector Plus League Records and Tournament software since the initial release in 2004. All new development for these Brunswick software packages ceased in 2012. Brunswick Service discontinued training on these products in 2016.

For these reasons, effective April 2, 2018, Brunswick will no longer offer technical support for Vector Plus League Records or Tournament Software.

The vast majority of Bowling centers have transitioned to the Bowling League Secretary and Bowling Tournament Manager software sold by CDE Software. Training for these products is offered through Brunswick Service, with the software being supported by CDE. Information about the CDE software is available on the CDE Website: <https://www.cdesoftware.com/>

Brunswick will continue to provide the following resources to existing League and Tournament Software customers for download.

League Records Software

Video Training Guide: <https://brunswickbowling.sharefile.com/d-s4dd11e0d68c495ba>

Manual: <https://brunswickbowling.sharefile.com/d-s6254b3c45f041ee8>

Tournament Software
