SERVICE BULLETIN

Subject: Vector Plus Software, Version 2.8.12 Date: 4/12/10

Bulletin No. SB10-2

There has recently been a change how the Brunswick Vector Plus software, version 2.8.12 controls the Brunswick Samsung LCD monitors.

The Brunswick Vector Plus software, version 2.8.12, eliminates the following:

1. The on screen display from appearing when powering the LCD on/off .

2. The on screen display from appearing when changing to or from score sheet video/global video.

3. The Samsung LCD monitor menu from appearing. This will prevent customers from being able to change the settings on the LCD monitor.

If the Samsung menu is required to make any adjustments of the LCD monitor, enable the "reset" function.

Follow the instructions below to enable the reset function on the Samsung LCD monitor and have the menu appear:
