

SERVICE BULLETIN

**Subject: A-2 Japanese Motor Contactor/Motor Start Relay/
Overload Heater Replacements**

Date: 7/17/17

Bulletin No. SB17-2

Brunswick is pleased to offer direct replacement options for the Japanese High Voltage Motor Contactor, Motor Start Relay, and Adjustable Thermal Overload Relay.

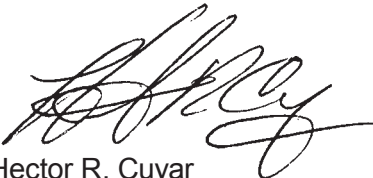

Component	Original Part Number	Replacement Part Number
High Voltage Magnetic Motor Contactor (100VAC)	12-782221-000	12-860340-000 (pkg)
Motor Start Relay (24VAC)	12-782155-000	12-860341-000 (pkg)
Adjustable Thermal Overload Relay	12-782218-000	12-860342-000 (pkg)
Installation Instructions	N/A	12-900086-000

In addition, Brunswick will supply a DIN mounting rail for the contactor and relay to provide quick and easy mounting of these components inside of the electrical box.
