

AFFORDABLE PERFORMANCE

STRIKE LINES

KARMA™ URETHANE — NEW

The Karma Navy Solid uses a retro Urethane coverstock. Designed for a smooth predictable ball motion the Karma Urethane is designed for lighter amounts of oil and a more "down the boards" line to the pocket.

60-105468

MEDIUM RG PERFORMANCE CORE

The Karma Urethane incorporates a familiar light bulb shape Medium RG Performance core that provides easy length through the heads, mid-lane stability while maintaining axis rotation for a strong continuous backend motion.

KARMA™ PURPLE/PINK PEARL

The pearlized version of Activator Plus coverstock used on the Karma Purple/Pink Pearl is factory-finished with High Gloss Polish to create extra length on lighter oil conditions.

60-105446

MEDIUM RG PERFORMANCE CORE

The Karma Black / Blue Solid incorporates a familiar light bulb shape Medium RG Performance core that provides easy length through the heads, mid-lane stability while maintaining axis rotation for a strong continuous backend motion.

KARMA™ BLACK/BLUE SOLID

With its High Gloss box finish, the Karma Black / Blue Solid will provide good length through the heads, a medium response to friction in the mid lane with a smooth controllable backend. The Karma Black / Blue Solid is great ball for rev dominant and slower ball speed players on medium to light oil conditions.

60-105337

MEDIUM RG PERFORMANCE CORE

Incorporating a familiar light bulb shape this core provides easy length through the heads, mid-lane stability while maintaining axis rotation for a strong continuous backend motion.
